DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan D. Kamrath on 08/26/2004.

Claim 4, line 1, "claim 3" has been changed to - - claim 1 - -.

Claims 5-8 have been cancelled.

Allowable Subject Matter

2. Claims 1-2, 4, 9-14 are allowed.

3. The following is an examiner's statement of reasons for allowance:

4. Claim 1, applicant's remark on page 14 of Amendment filed on 08/05/2004 overcomes the rejection of claim 1. In addition, the claim 1 limitations of an adapter including "the first end of each of the connecting tubes is formed with a first insertion hole closely onto the second end of a respective one of the insertion posts of the connecting member, and the second end of each of the connecting tubes is formed with a second insertion hole closely fitted onto a respective one of the optical cables" is not taught in Lin or suggested by other prior art of record.

5. Lin among other difference does not disclose the limitations of claim 1 as discussed above, therefore, does not meet claim 1 limitations which are basis to the invention, nor would inclusion of such that feature be an obvious change.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
